**Small Group Discussion Questions**

1. If Bec had shown up at your church, would your congregation have welcomed her and her questions?
2. Have you had a crucified Christ experience? Or an experience that you can't quite explain, but as a result you were never the same? Take turns sharing stories in your small group.
3. What would need to happen in your church for it to be a safe place where people could share their Jesus experiences?
4. If your older self could talk to your younger self "with green hair, tattoos, wearing combat boots, and angry" what would you say?
5. Why are you in your current faith community? How would you describe it: more "Pentecostal" or "Lutheran?"
6. Have you sensed God calling you into a ministry, only to find yourself wondering if you heard correctly? What did you finally decide and who were the other people who helped you discern your call?
7. Do you remember a time when you stayed up all night praying, or even crying, for an answer from God? What was the outcome?
